

animals' constitution

Dear Mr. Chairman,

Being a member of the European Union, it is my declared wish to have the protection of animals written into a European Constitution. I expressly support the amendments relating to the incorporation of animal welfare into an EU Constitution proposed by the German Federal Foreign Minister, Joschka Fischer, and MEP Johannes Voggenhuber.

The mass cruelty to animals must not be ignored and become a habit backed by law. This is unacceptable for the animals exposed to pain and suffering and will lead to a brutalization of humans. Being capable of sympathy and of protecting the weak is part of human dignity. The protection of animals must be integrated as an objective into the future EU Constitution and recognized as an indispensable part of European, democratic culture not only because of the animals themselves, but also because of us humans.

I respectfully urge you to take my wish into consideration in preparing an EU Constitution.

Sincerely yours,
